Date: September 16, 2009
Supersedes: New
Dated:

Products: CAC(A,B)/CAH(A,B), S1CA/S1HA, UNCA/UNHA, WLCA/WLHA

With the close of 2009 rapidly approaching, so too is deadline for the final production of R-22 products at EMI in accordance with the United States Clean Air Act and the Canadian Environmental Protection Act. Both acts are in compliance with the Montreal Protocol on Substances That Deplete the Ozone Layer.

With this regulation's deadline approaching, EMI is issuing a "Last Call" for R-22 single zone product.

IMPORTANT

All of the single zone R-410A systems, with the exception of the S1CG6000/WLCG36 and S1CG6000/UNCG36 are available, and EMI is taking orders. Lead time is 5 to 7 business days.

Last call for single zone R-22 units is **October 2, 2009**, due to component lead times.

Orders after this date will be reviewed on a case-by-case basis and may not be accepted depending on component availability for R-22 units.

If you have any questions, please do not hesitate to contact EMI Customer Service.
