PRODUCT: S1C, S1H, S2C

Architectural Grille/Hail Guard/0 °F (-18 °C) Low Ambient Operation Accessory Release

EMI is pleased to announce the release of a new accessory for the *AmericaSeries* 13 SEER, S1C and S2C Condensing Unit and S1H Heat Pumps product line. This accessory expands the S1C and S2C product's operating range from 0 to 115 °F (-18 to 46 °C) when used in conjunction with the 32 °F (0 °C) Low Ambient Kit. Additionally, the kit provides an architecturally attractive louvered panel for the condenser coil that can be used as a Hail Guard for added coil protection.

This kit includes powder coat painted, louvered sheet metal panels and required mounting hardware for easy installation. EMI's Technical Services Department estimates an installation time of 1 hour for the complete kit per unit. Jobsite conditions may require additional time.

The new kits are listed below:

Kit Number	Description	Usage
550001577	Architectural Grille/ Hail Guard/ 0 °F (-18 °C) Low Ambient Operation Accessory	S1CA9000, S1CA2000, S1HA9000, S1HA2000
550001578		S1CA8000, S2CA9900 S1HA8000
550001579		S1CA4000, S2CA2200, S2CA9200
550001580		S1CA3000
550001581		S1CA6000
550001602		S1HA4000
